VOYAGE VISTA

INTRODUCTION:

I'm RAMAPOMMIYOGAMALYA, Department of Mathematics from Government Arts and Science college Kadayanallur.   And I'm the leader for the Naan Mudhalvan project, my Team mates are,

- M. GAYATHIRI
- E. KANAGA
- E. SANTHIKA

DEFINITION:

EMPATHY MAP:

    We collect the project information. And get group discussion about my project with my team mates, then make feels, does, says and things are given the empathy map.

VOYAGE VISTA

<u>Brainstroming map:</u>

We collect the project information. And get group discussion about team mates, we done the brainstroming in mural app and upload the project is gitup.com.

TABLEAU:

Use Tableau Public software to create the eight excel sheets, let see my team project.

<u>Sheet-1</u>

- The Uber cars are uses for high levels in meeting and low levels in Airport and charity.

<u>Sheet-2</u>

- The people's purpose is high level for meeting and low level for charity and Airport.

<u>Sheet-3</u>

- The Uber cars are mostly booked in Business and rarely booked in personal.

<u>Sheet-4</u>

Month wise Miles

- The miles are high level reached in October month.
- The miles are low level reached in May month.

VOYAGE VISTA

Sheet-5

Week wise Miles

- The miles are 1,2 and 3 weeks are very low. And 43-45 weeks are very high level miles reached.

Sheet-6

Quartz of end data

- We converted 4 miles in year. The highest mile is 3608 and lowest mile is 2320.

Sheet-7

Number of Trips

- The lowest trips in September month is 36 trips.
- The highest trips in December month is 146 trips.

Sheet-8

- Quart of end data for month. Already we see the sheet six.
  - Low - 211
  - High - 374
- Sheet process is completed.

Dashboard:

- Our 8 sheets are converted into 4 sheets in pdf complete the dashboard.

VOYAGE VISTA

Story:

- The last one is story. Three sheets are collage and make the story.

THANK YOU
